Parish Plan Update

Can you help shape Twyford's future?

A big thanks to all of you who completed the Parish Plan questionnaire. We achieved a 14.2% response rate which is encouraging. The results are now being converted into graphs and tables so that we can present your feedback clearly and a preliminary list of over 70 possible action points has been compiled.

We now need you to help us prioritise the possible actions. Please choose an action group meeting to attend from the list below. We will of course facilitate the groups (by offering a free drink!) and provide all the necessary information but we need a good attendance to ensure sufficient community representation.
